Change for Change

We asked all pupils to donate all their loose change for our friends in Mbale . The response was amazing we couldn't have wished for more. So thank you so much if you donated. We had a visit from the founders of the charity who gave us all an update on what is happening out in Mbale. The children were so excited and lucky to be involved in such a worthy cause.

We have been working with our friends from Mbale for a few years now and we feel this is a massive opportunity for all those involved to be part of something special.

Your donations and support will help dramatically and change the lives of those less fortunate than us.

For this we are truly grateful,

**All of us on the Eco committee would like to thank each and every one of you for your support this year Merry Christmas stay safe & a here is to a very happy, healthy and exciting 2019**
